Name Type of action Category Start conditions Type of condition

Name	Type of action	Category	Start conditions	Type of condition
NewAction	Follow trajectory	Private	ConditionGroup	DefaultCondition Elapsed simulation time

Edit action "NewAction"

Type of action: Follow trajectory

Loaded trajectory: NewTrajectory_4

Available trajectories: NewTrajectory_1 Load

Longitudinal purpose:

none timing

absolute relative

scaling factor: 1.00

offset: 0.00 m

Lateral purpose:

positioning steering

OK Cancel

Add action Name of new action (optional) Change lane
