

ASAM OpenSCENARIO Concept Project

Project Kick-Off

Apr. 29/30, 2019
Höhenkirchen/Germany

Association for Standardization of
Automation and Measuring Systems

Goals of Workshop

Goals of this 2 day face-to-face meeting:

- Establish project structure - such that it enable work on the topics we are interested in.
- Decide on technical agenda for the initial phases.
- Agree on high level architecture direction.
- Enable the work groups to march in parallel.

At the end of the 2 days - agreement on the mode of work and initial delivery goals.

Agenda – Day 1

10:00 - 12:00 CET *)
