ASAM e.V.

About Us and Our Mission

What is ASAM?

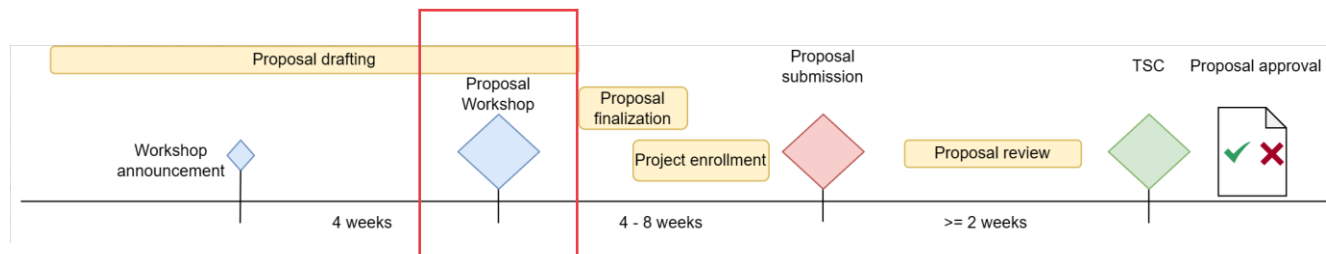

- Non-profit standardization organization in the Automotive Industry.
- Focus on implementation-level standards.
- ASAM standards are recommendations, fostering open, non-competitive development.

Working in an ASAM Project

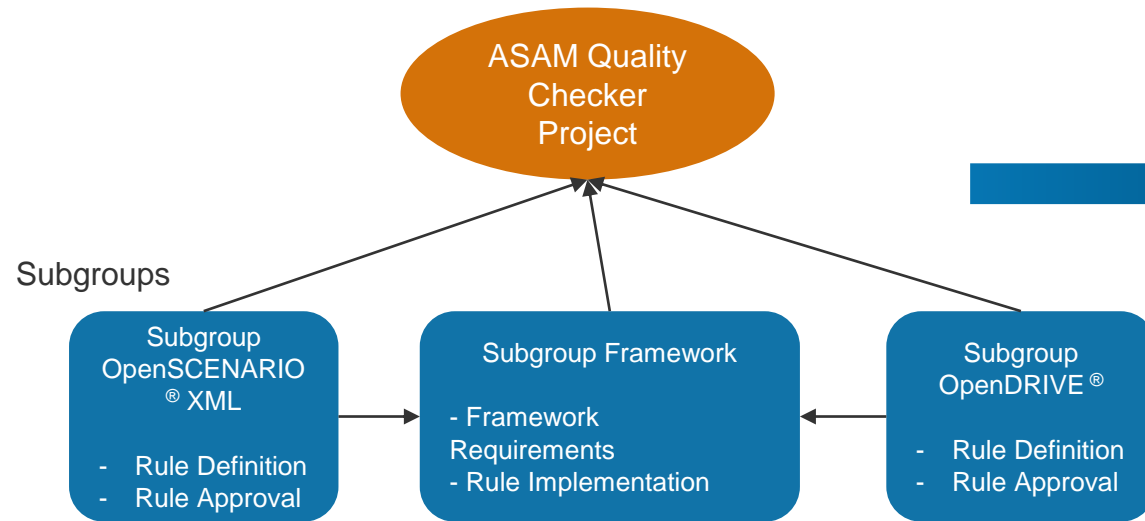

- [Meeting Guidelines](#) (Agenda, Meeting Setup, Meeting Minutes)
- Central entry point: SharePoint (ASAM OpenDRIVE® and ASAM OpenSCENARIO® XML), Development Mailing list.
- Includes mandatory roles (Project Members, The Project Lead) and [voting guidelines](#).

Further Resources

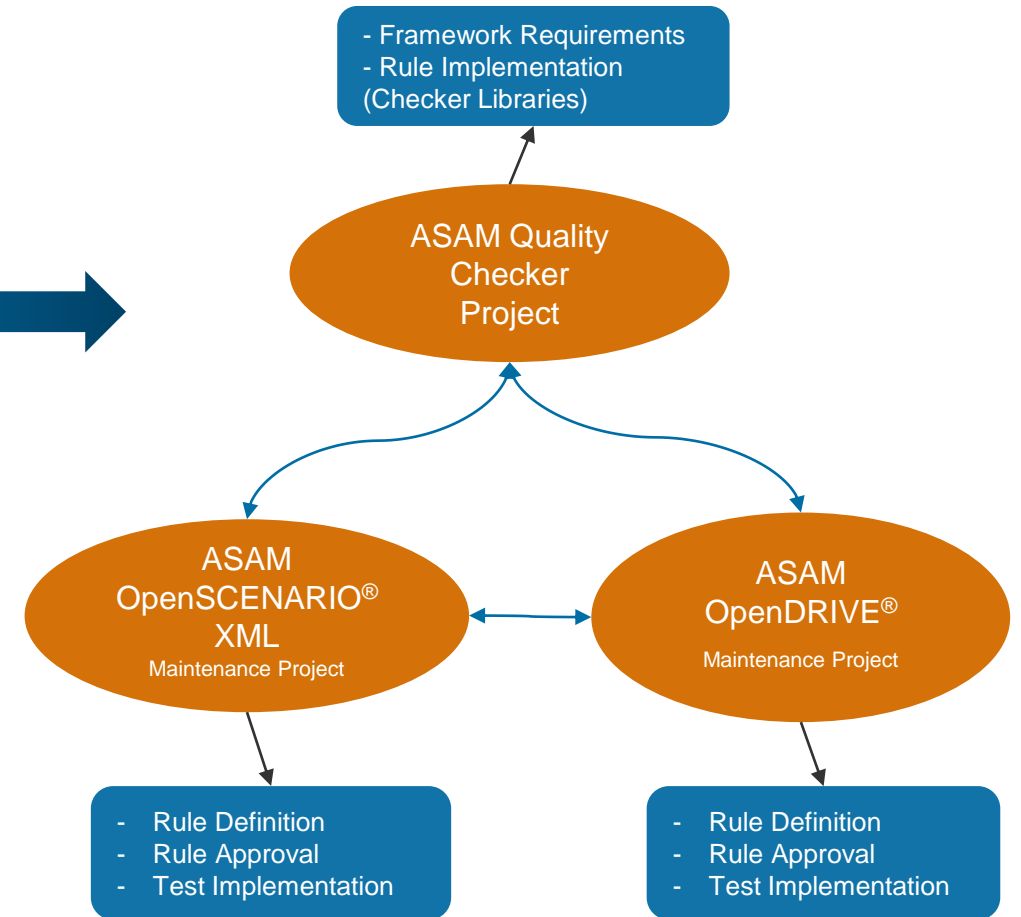

- [ASAM Project Guide](#)
- [Antitrust Reminder](#)

Project structure till end of March

Projects structure from April on

ASAM activities – for and with our members...

Use these chances to meet with other members and demonstrate your expertise!

TSC elections!

ASAM General Assembly & Technical Seminar

on: Apr 16 - 17, 2024
in: Hoehenkirchen, GERMANY

This year, the membership will elect a new TSC at the **ASAM General Assembly**. At the **ASAM Technical Seminar**, we introduce upcoming activities, releases, and new initiatives and discuss important topics around ASAM's standards and processes.

Take part and take responsibility...

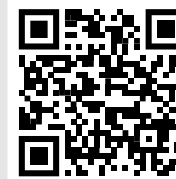

ASAM Solutions Guide

Deadline for application stories:
Apr 30, 2024

ASAM is planning the publication of a new “**ASAM Guide - Solutions based on ASAM standards**”. If ASAM standards have contributed to the success of your customer project, we invite you to share your story.

Contribute...

New location!

ASAM International Conference

on: Dec 04-05, 2024
in: Munich, GERMANY

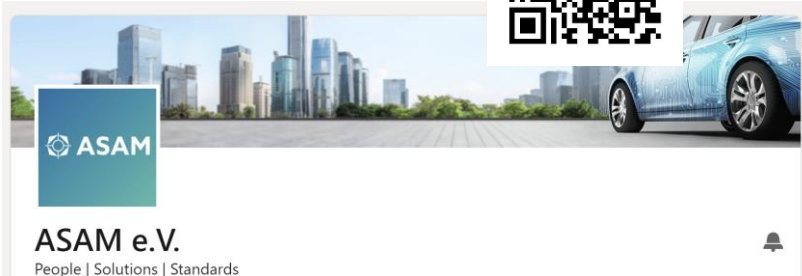

In November, ASAM is hosting the 6th ASAM International Conference. We will soon start a call for presentations that show how ASAM standards manage to “**accelerate engineering for mobility**”.

Stay tuned...
