Japanese Engagement in ASAM Increased Significantly in the Past Years

## First Japanese companies become ASAM member

Awareness of ASAM standards, but no common alignment in Japan

## Japan ASAM Interest Group (JAIG)

OEMs see need for usage of standards.

=> Start and lead common JAIG initiative (47 companies take part)

## Foundation of ASAM Japan G.K.

Support of local activities

## Japanese members propose first standardization activities to ASAM:

- ASAM MCD-2 MC
- HEX File Management

2001 2002 .... 2012 2013 2014 2015 2016 2017

## JAIG transitions to an official ASAM community

- intensify study activities
- provide first feedback to European working groups
- establish a Japanese OEM Steering Committee

## Japanese Motorcycle OEMs show interest in ASAM standards for calibration
