

ASAM Telematics Workshop

Novi, MI

31 March 2016

Agenda

Who is ASAM

Advantages to working in ASAM

ASAM Process

ASAM's Role in Today's Workshop

Joining ASAM

Who is ASAM

ASAM is an **international community of experts** who understand non-competitive use cases in engineering, simulation, development, testing, and manufacturing.

This community defines standard interfaces and formats for simplifying the data exchange.

Measurement
& Calibration

ASAM MCD-1 XCP, ASAM MCD-2 MC, etc.

ECU Networks

ASAM MCD-2 NET

Test Automation

ASAM MCD-3 MC / D, ASAM XIL, etc.

Diagnostics

ASAM MCD-2 D (ODX)

Software
Development

ASAM MDX, ASAM MBFS, etc.

Data Management
& Analysis

ASAM ODS, etc.

Telematics

Who is ASAM

Solutions

Challenges

German Arbeitskreis

5 Directors of Development agree to cooperate with their suppliers.

1991

ASAM e.V.

Foundation of a registered association

1998

Internationalization

ASAM's community is growing internationally with OEMs, Tier-1s and Tool Vendors joining from

- EU
- Asia
- North America

2008

New Areas for Standardization

- March 31, Telematics Workshop
- Dec. 2015 Conference on „Big Data in Future Car Development“

2016

1980 / 90s

- Pressure to cut costs & optimize processes
- Introduction of electronics & computers in development process

→ **Proprietary test solutions with incompatible interfaces & data formats**

Since 2000

- IoT, Wireless Communication and Autonomous Driving cause the industry to use new technologies

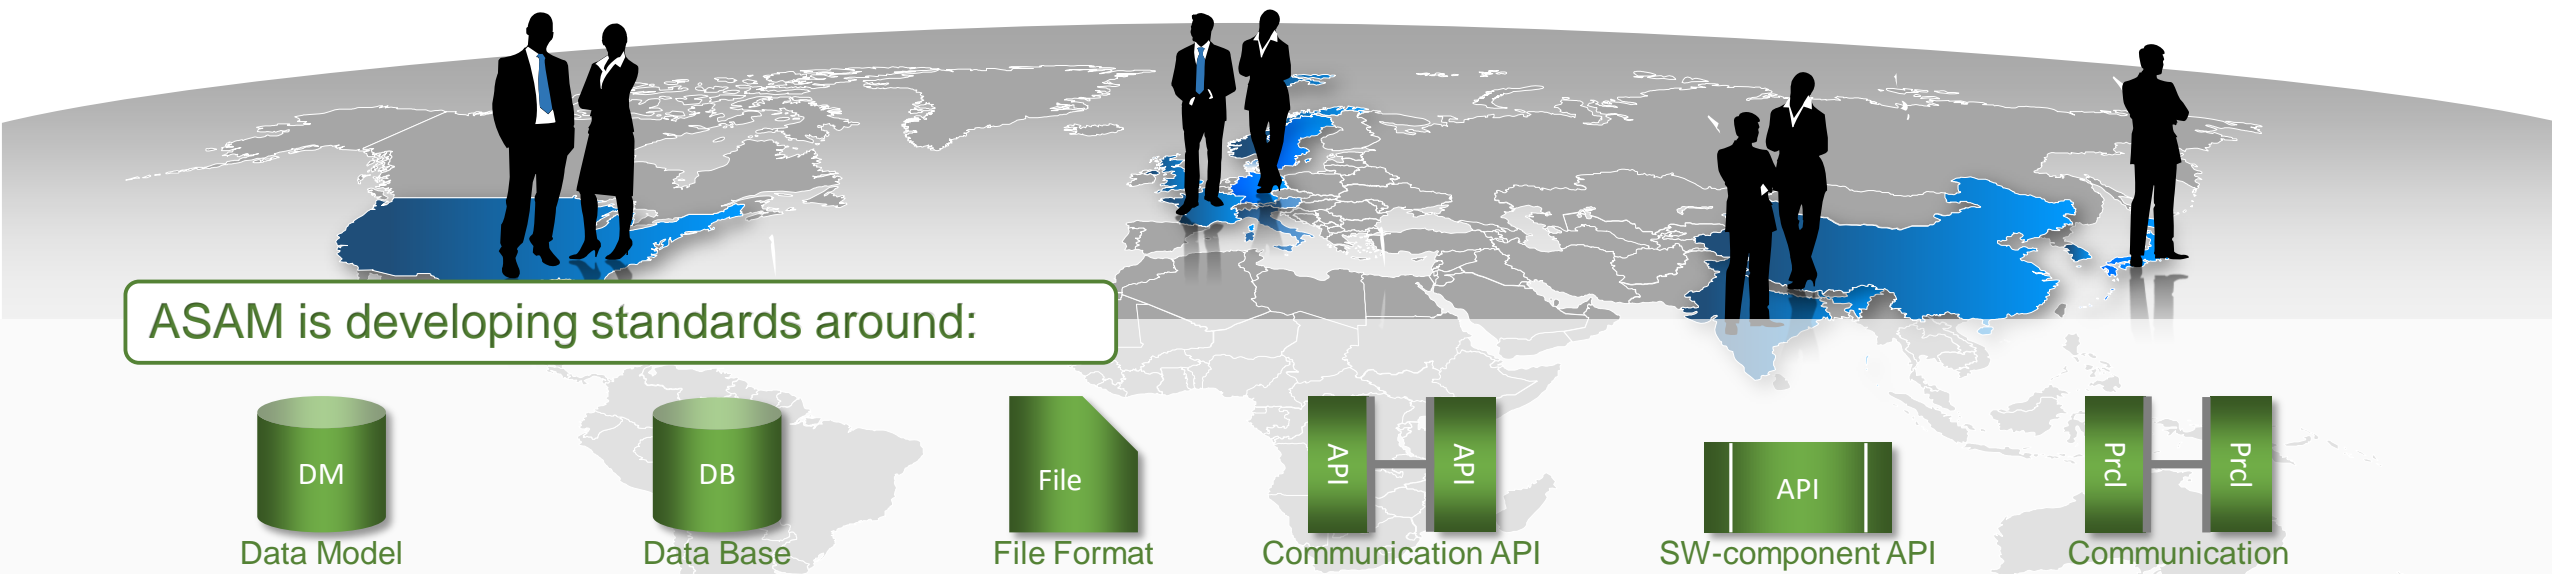

→ **New challenges arise that require standardized solutions**

Key Attributes of ASAM

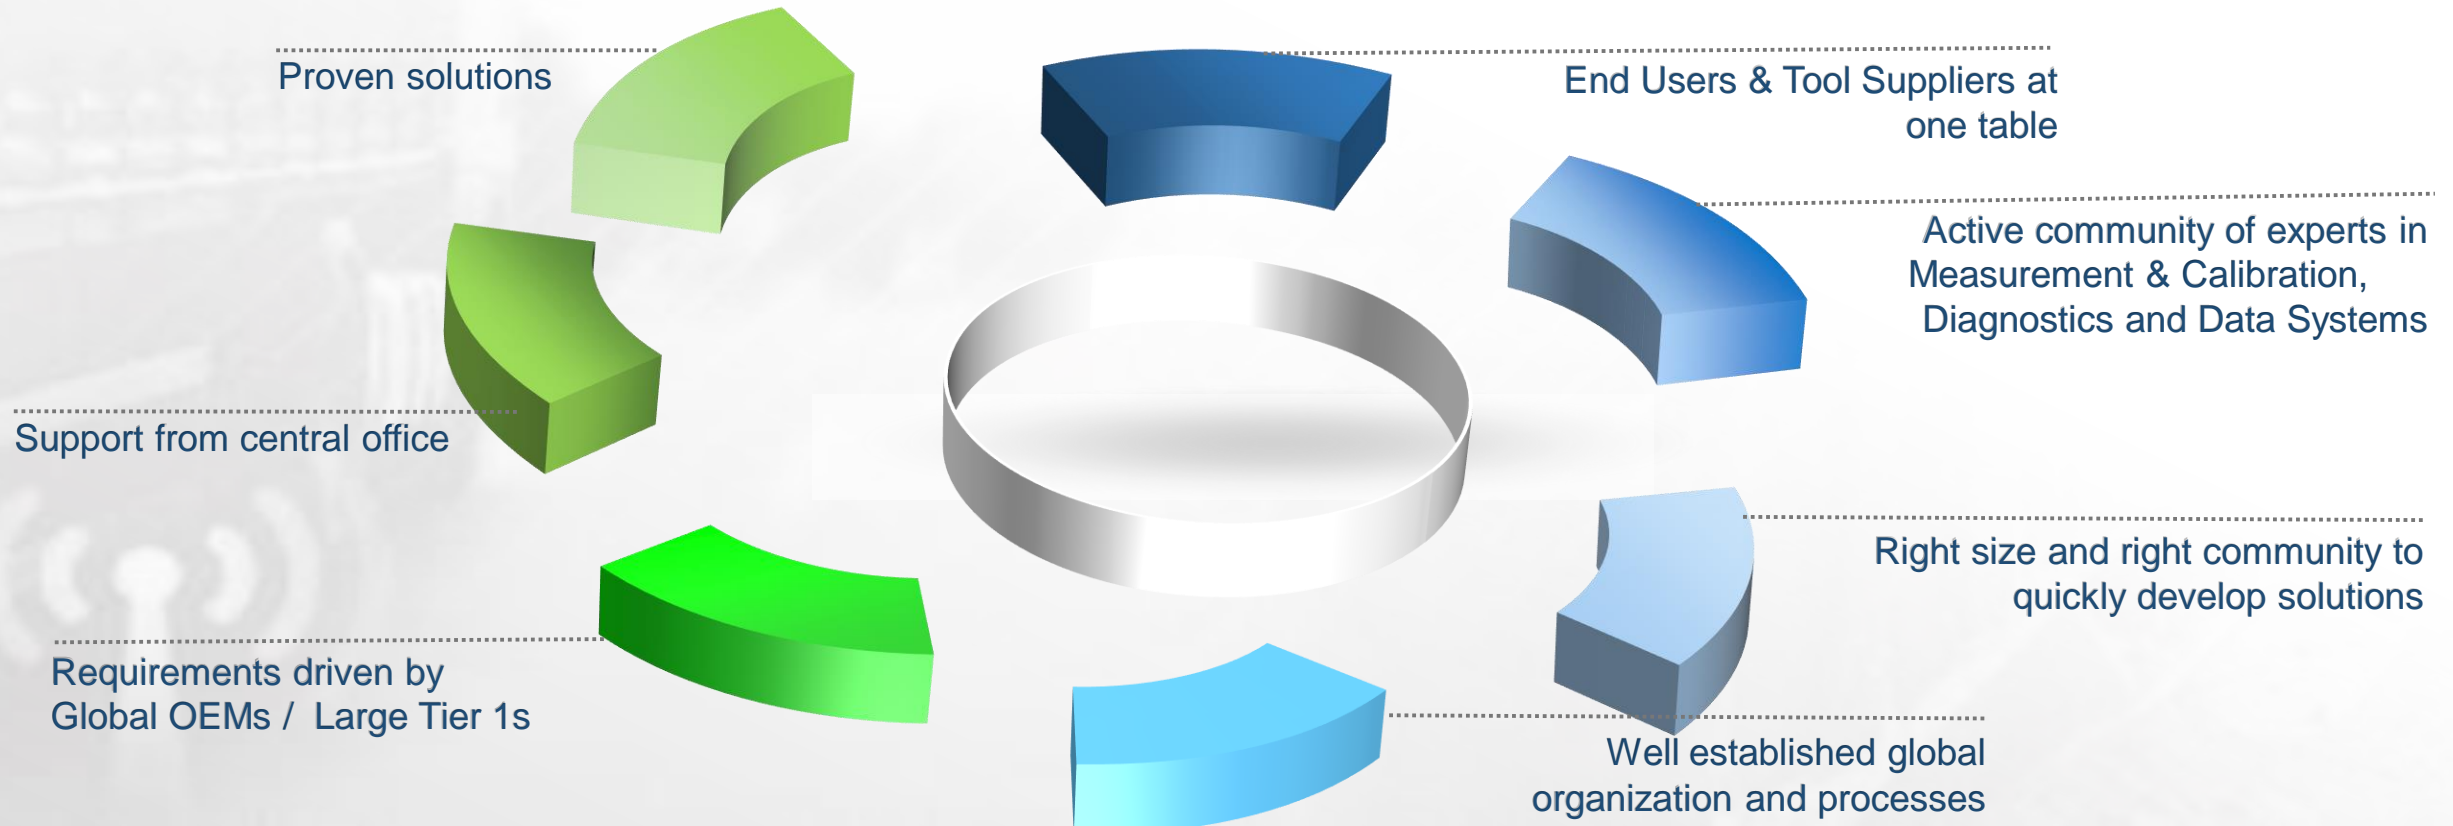

ASAM – a knowledge grid for international intercompany collaboration

-  ASAM is the **right size** organization to quickly develop solutions
-  ASAM is a **global** association
-  ASAM is composed of industry technical **experts**
-  ASAM **invests membership fees** into standard development

Advantages to working in ASAM

ASAM Process

OPEN FOR INDUSTRY

Phase I Idea-Creation

Tasks

- New technical domains
- Identify business use cases
- Market forecast: 5 – 10 yrs.
- Assigning resources for work group

Who

All Industry End User
Representatives

ASAM MEMBERSHIP REQUIRED

Phase II Proposal

Tasks

- Consolidate requirements into a proposal
- Define work packages
- Resource commitment

Who

- Work group
- All Members

Phase III Development

Tasks

- Development of standard
- Documentation of Specification

Who

- Work group

Phase IV Review

Tasks

- Review specification
- Last issue fixes

Who

Work group
All members

Phase V Release

Tasks

- Publication of Standard
- Marketing
- Legal Representative

Who

All Industry End User
Representatives

ASAM Process – Ideation

Regional End User Advisory Council

Goal

Identify, align, and consolidate common mobility industry concerns

Tasks

- Market forecast (5 – 10 year timeframe)
- Develop business use case scenarios
- Assign appropriate resources

Automotive OEMs / Tier-1s

High level engineer management

Use Case Definitions Workshop

Goal

Develop and document business and technical use cases from an End User's point of view

Tasks

- Understand technical requirements
- Understand financial impact
- Understand business use cases
- Assign appropriate resources

Automotive OEMs / Tier-1s:

Technical engineering management with global profit and loss responsibility

Proposal Workshop

Goal

To identify, align, and consolidate technical use cases

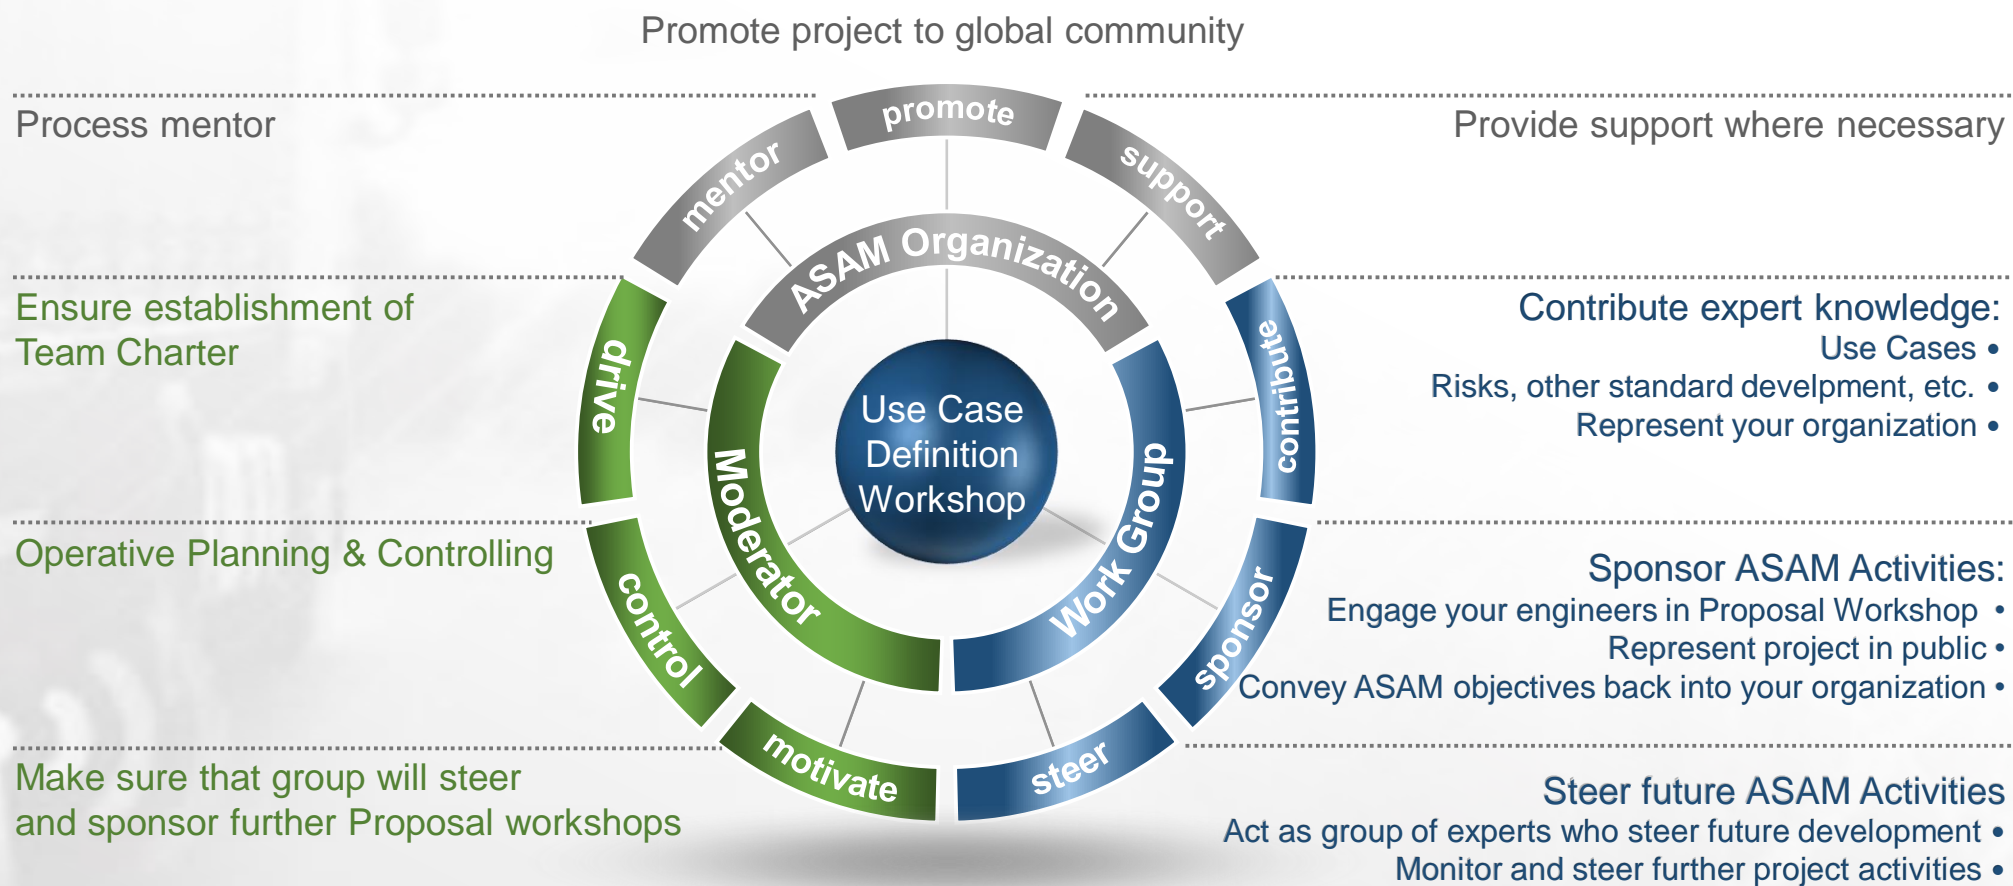

Tasks

- Develop requirements
- Investigate new / future technologies

Automotive OEMs / Tier-1s / Tool Vendors & Telematics Service Providers

Technical engineers

Use Case Definition Workshop Organization – Role Allocation

Joining ASAM

**Classes H:
Academics**

Class A
> 50.000 employees

Class B
30.000 - 50.000 employees

Class C
< 30.000 employees

**Classes D-G:
Tool Vendors**

End Users (OEMs & Large Tier-1 Suppliers)

Choice: Executive or Passive Membership

	Executive Members	Passive Members	Non-Members
Participation in ASAM standardization projects	✓	✗ (only Ideation, Proposal, Review)	✗ (only Ideation)
Participation in ASAM study groups	✓	✓	✗
Access to the ASAM Community Portal	✓	✓	✗
Able to be elected to Board of Directors	✓	✗	✗
Able to be elected to the TSC	✓	✗	✗
Voting rights at General Assembly	✓✓✓	✓	✗
Free download of standards and software	✓	✓ (software: discounted)	✗

ASAM Telematics Workshop
